For our second edition of this Purchasing Guide we aim to assist organizations in expanding their Fairtrade offering. Whether you’re sourcing food and drink for your office, planning an event and giving it a Fairtrade twist or want to sell Fairtrade items in your outlet, this resource has the answers. If you’re a business and you’re not in the guide please let us know! This Purchasing Guide will be updated annually.

If you want to amend your details or add yourself to the next version, please email license@fairtrade.ca

For more information about Fairtrade, visit [fairtrade.ca](http://fairtrade.ca). You’ll find facts, figures and lots of information to download about farmers and workers, including resources for your office or workplace.

“The interest in Fairtrade in our country is growing significantly with more Canadian shoppers than ever looking to make an impact through their purchasing power, and more companies launching new products to meet this demand. We hope this guide helps you find the high quality Fairtrade products your customers are looking for, to know that through you and Fairtrade, they are changing the lives of workers, farmers and their families.”

Julie Francoeur
Executive Director,
Fairtrade Canada.

WHAT IS FAIRTRADE?

Fairtrade changes the way trade works through better prices, decent working conditions and a fairer deal for farmers and workers in developing countries. By choosing Fairtrade products, people can create change through their everyday actions, and farming communities can improve their lives and invest in their future.

THE GROWTH IN FAIRTRADE

Your customers are now much more aware and interested in where their food comes from, who grows it and how. This trend is putting businesses in the spotlight as consumers want to know that farmers and workers are not facing exploitation. It means ethical consumption is growing fast. In 2019 Canadian consumer demand for Fairtrade products means that they are now significantly outperforming their conventional counterparts. In addition, the FAIRTRADE Mark is now recognized as the most trusted ethical label globally.

WHAT ARE THE BENEFITS FOR MY BUSINESS?

Corporate behaviour is under intense scrutiny by an increasingly discerning public who make ethical choices when spending their money. Integrating Fairtrade into your business by switching to Fairtrade purchasing is a highly effective way of showing your customers that you care, and potentially attracting more customers. Switching to Fairtrade also adds a feel-good factor for staff. Offering Fairtrade products to your staff and customers is a great way to demonstrate that you are a caring business as the FAIRTRADE Mark has a high level of recognition and consumer confidence.

“IANELINO’S ASSOCIATION TO FAIRTRADE IS FUNDAMENTAL FOR THE BENEFIT OF OUR FAMILIES, OUR COMMUNITY, TO ENSURE WE ALL HAVE OPPORTUNITIES TO GET AHEAD. I AM COMMITTED TO CONTINUING MY FAMILY’S TRADITION IN BANANAS AND THE IMPROVEMENT OF OUR COMMUNITY.”

Fabio Rafael Payero, (37) who works with BANELINO, an association of small producers in northern Dominican Republic.

I WANT TO SWITCH TO FAIRTRADE – WHAT NEXT?

A great place to start is to consider carrying Fairtrade coffee. Ask your local roaster to source Fairtrade certified coffee for your business whether you are a caterer, café, restaurant, workplace or other institution.

You can consult this guide, or alternatively please feel free to reach out to us at license@fairtrade.ca and we can directly connect you with great local companies in your area that can provide you with the best Fairtrade coffee solution for your business.

If you are already sourcing Fairtrade coffee for your business, café or restaurant and want to expand your offering to include more Fairtrade items such as chocolate, tea, bananas, sugar, flowers, and much more, then this resource has the answers.

In addition, check out our free resources to promote your products. fairtrade.ca /materials
